

4th Quarter Financial Results

We're ending the quarter—and 2019—with strong results in most areas. We are pleased to announce our fourth quarter dividend at \$0.25 per share. At the end of fourth quarter, our net income is projected at \$3.8 Million; compared to fourth quarter-end in 2018, we've surpassed it by eight percent.

With increasing assets of \$23 Million or 5.6 percent year over year and loan growth at \$15 Million or 4.37 percent year over year, we continue to hold a solid financial position.

I want to give a special thank you to our Loan Administration and Residential Lending teams for closing an astounding 115 mortgage loans for the quarter!

As we close out 2019 and move into 2020, we have many exciting opportunities ahead and look forward to sustaining our upward growth trend. Thank you for your continued confidence in Bank of Sun Prairie. Happy New Year!
